28th DAE SAFETY & OCCUPATIONAL HEALTH PROFESSIONALS MEET

November 24-26, 2011

Theme
"Emerging Trend in Environment Protection"
&
"Life Style Diseases"

Venue
BHUBANESWAR, ODISHA

Organised by

ATOMIC ENERGY REGULATORY BOARD
&
INDIAN RARE EARTHS LIMITED, OSCOM

28TH DAE SAFETY & OCCUPATIONAL HEALTH PROFESSIONALS MEET

The 28th DAE Safety & Occupational Health Professionals Meet will be jointly hosted by Atomic Energy Regulatory Board (AERB) & Indian Rare Earths Limited, OSCOM (IREL, OSCOM) at Bhubaneswar. The chosen theme of the Meet is "Emerging Trend in Environment Protection" & "Life Style Diseases" which are felt most appropriate considering its importance to various DAE units. It is expected that the Meet will provide a mutual forum of exchange of information for further improvement in environmental aspects of DAE units and will also help to reduce life style diseases.

On the first day, the Meet will be inaugurated by Chairman AEC followed by an Endowment Lecture by an eminent personality and also invited talks by other experts sharing their rich experience. The Meet will be a forum for information sharing among the Industrial Safety and Occupational Health Professionals of various DAE units. Exhibition stalls displaying latest personal protective equipments and other safety appliances will also be arranged in parallel.

NOMINATION

Nominations for the participation in the Meet are invited from Safety and Occupational Health Professionals and also one officer in charge of Environment Protection or Operational Background from all DAE units duly approved by the concerned Head of the Unit. Keeping in view of the logistics and constrains on accommodation, it is requested that only maximum of three officers from each unit shall be nominated.

The nominations should reach to Chairman, Local Organising Committee on or before 30th September 2011 in the enclosed nomination form.

VENUE AND ACCOMMODATION

The Meet will be held at Bhubaneswar, Odisha.

Delegates are requested to give the eligibility rate for hotel accommodation including food in the nomination form. All the delegates should pay the hotel bill directly to the Hotel authorities.

MODE OF PRESENTATION

Facilities for making presentations through LCD Projector will be made available.

ABOUT IREL

Incorporated in 1952 to process monazite for the recovery of Thorium, Uranium and Rare Earths compounds at Rare Earths Division, Alwaye. IREL OSCOM Unit at Chatrapur (Odisha), Chavara Unit (Kerala) and Manavalakurichi Unit (Tamil Nadu) are engaged in beach sand mining for the production of minerals like Ilmenite, Rutile, Zircon, Sillimanite, Garnet and Monazite. OSCOM is also producing Thorium Nitrate and Thorium Oxide.

Beach Sand Mining by Dredging at OSCOM

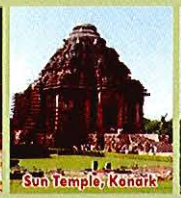
Construction work started at OSCOM for 10,000 tpa capacity Monazite Processing Plant for the production of Uranium, Thorium and Rare Earths compounds.

All the four Units are certified for ISO - 9001, ISO 14001 and OSHAS 18001.

ABOUT BHUBANESWAR

Bhubaneswar, popularly known as the "Temple City of India" is the capital of Odisha. The city is renowned as a political, religious & cultural centre spanning last two millennium. The different tourist centers in and around city are National Park - Nandan Kanan, Udayagiri & Khandagiri apart from the famous Lingaraj Temple. World famous Sun Temple at Konark and Lord Jagnath Temple at Puri are approximately 60 KMs from Bhubaneswar. Bhubaneswar has a tropical climate with temperature varying between 18°C (min) and 30° C(max) during November end.

Lord Jagannath Temple, Puri



Sun Temple, Konark

Lingaraj Temple, Bhubaneswar
