

Request form for extension of non-compliance resolution period

All the non-compliances (NC) must be resolved within the resolution period stated in eLORA. However, due to any reason if the same could not be done then AERB may extend the resolution period, provided there is valid reason for not rectifying the NC within the resolution period. In order to extend the NC resolution period duly filled form hard copy of this form may be sent to The Head, Radiological Safety Division, Atomic Energy Regulatory Board, Niyamak Bhavan, Mumbai – 400094.

Institute detail	
eLORA Institution Number:	
Institution Name:	
Practice:	
NC detail (NC details can be seen from eLORA Menu: My Institute Details → Tab: Non-compliance details)	
NC reference no.:	
Final date of resolution of NC:	
Reason for NC:	
Reason for not resolving NC within resolution period and action plan to resolve NC (Note: Without valid reason for non-resolution of non-compliance and action plan to resolve non-compliance within reasonably defined time frame, the period of resolution may not be extended).	
Reason for not resolving NC within final date of resolution:	
Action being planned to resolve NC:	
Tentative period required to resolve NC:	

(Extra sheet may be attached substantiating action taken/action being planned)
