

Atomic Energy Regulatory Board (AERB) participated in Radiology and Imaging Conclave during July, 13-14, 2018 at Hotel Radisson Blue, Delhi. The conclave was organised by Express Health Care, a Division of Indian Express in collaboration with Radiology Education Foundation.

Atomic Energy Regulatory Board (AERB) participated in Radiology and Imaging Conclave during July, 13-14, 2018 at Hotel Radisson Blue, Delhi. The conclave was organised by Express Health Care, a Division of Indian Express in collaboration with Radiology Education Foundation.

About 100 leading radiologists of the country attended the conclave. There were series of panels and lectures covering topics ranging from artificial intelligence in diagnostic imaging, tele-radiology, the value of radiology and radiologists in today's times, advancements in radiology technology, education in radiology, the impact of government policies etc.

Dr. P.K. Dash Sharma, Head, Radiological Safety Division (RSD), AERB gave a talk on Regulatory Aspects in Radiology and Dr. Pankaj Tandon, Head, Industrial Applications & Transport Section, RSD, AERB participated in the panel discussion held in the conclave. Both received 'Special Recognition Award' for their contribution in safety of patients.
