

Azadi Ka Amrit Mahotsav Program conducted at +2 High School Amarut Dobhi, Gaya, Bihar

As a part of 'Azadi Ka Amrit Mahotsav', AERB organised Awareness cum competition on the Topic 'Safety in use of Atomic Energy' at a government school (having 9-12 std.) at Amarut village, sub-division Dobhi of district Gaya, Bihar on 20th October 2021.

During this event, a talk on "Nuclear Energy & its application" was delivered, followed by question & answer session. A debate was organized on the topic "Safety in use of Atomic Energy". In this debate, 23 nos. of students participated. Out of 23 students three best participants were awarded as I, II & III rank holder in the debate. In addition next five best performers were also identified for consolation prize. Debate participant certificates were issued to all the participants.

It was observed that even in hinterland, participants exhibited their interest in application of nuclear energy. Participants were thoroughly prepared and demonstrated their interest in the debate.

The photographs of the event is attached overleaf.
