40th DAE Safety and Occupational Health Professional Meet

AERB has been organizing the annual DAE Safety and Occupational Health Professional Meet every year, which gives a platform to the safety and medical professionals from various DAE units to interact and share experiences with each other. This is the 40th year of the Meet, which is being jointly organised by AERB and RRCAT from October 17 to 19, 2024 at RRCAT, Indore, Madhya Pradesh.

Shri D.K. Shukla, Chairman, AERB graced the Meet as Chief Guest and in his address highlighted the importance of attaining the milestone of forty years- a stage which optimally balances the maturity and enthusiasm. In his address, he emphasized importance of human, organizational and technological factors, safety management system components, need for adherence to rules and procedures, licensee's prime responsibility for safety and role of regulatory body in ensuring the same.

Shri U.D. Malshe, Director, RRCAT in his address highlighted the importance of self-ownership (SOHM) for attaining excellence in safety.
