

Atomic Energy Regulatory Board (AERB) jointly with Variable Energy Cyclotron Centre (VECC), is organizing the 35th DAE Safety & Occupational Health Professionals Meet at Kolkata during November 27-29, 2018.

Every year, Safety & Occupational Health Professionals Meet is jointly organized by Atomic Energy Regulatory Board (AERB) and one of the DAE units to create awareness about safety & occupational health among professionals and improve the safety & health management in DAE units. Themes dedicated to significant aspects of industrial safety and occupational health are selected for each Meet, with an aim to share knowledge and experience.

Over the years these annual meetings have served as an excellent forum for mutual sharing and exchange of useful information among professionals on various aspects of safety & occupational health.

This year the Meet is being organized jointly by Atomic Energy Regulatory Board (AERB) and Variable Energy Cyclotron Centre (VECC), Kolkata at VECC during November 27-29, 2018. The themes selected for this year's Meet are:

- ❖ **“Leadership and Management of Safety”** related to industrial safety aspects and
- ❖ **“Requirement and challenges in health management - pre/ during / post-employment”** related to Occupational Health Safety aspects

During the Meet, distinguished persons from the field of industrial safety and occupational health are invited to deliver lectures on the topics relevant to the respective themes. These lectures are expected to be helpful in knowledge enrichment of the participants.

Contributory papers based on the topics relevant to the themes are invited from professionals working in various DAE units and selected papers are presented during the Meet. This is to encourage and aware DAE professionals about occupational safety and health.
