

Visit of USNRC Commissioner Ms. Annie Caputo to AERB on 18-02-2020

Ms. Annie Caputo, Commissioner, United States Nuclear Regulatory Commission (USNRC), along with three delegates visited Atomic Energy Regulatory Board (AERB) at Mumbai on February 18, 2020. Chairman AERB, Shri G. Nageswara Rao and Executive Director AERB, Shri D.K.Shukla besides several other senior AERB officers met the delegation. AERB apprised them on various topics such as the legislative & regulatory framework and current nuclear and radiation safety regulations in India, human resources, regulatory documents, safety review mechanism, regulatory oversight and international cooperation activities of AERB. Information on regulatory practices related to licensing and inspections of nuclear facilities were shared by USNRC and AERB. Both the regulators also discussed briefly about the areas of common interest like addressing lessons from Fukushima Daiichi Accident in requirements and guidance documents, regulatory acceptance of commercially available digital I&C systems and cyber security during the visit.
